

Helping energy providers discover and exploit data intelligence to capitalize on industry change, and realize new business models

MindSphere, Siemens open Platform-as-a-Service (PaaS), enables OMNETRIC Group to deliver solutions providing an integrated view of data, systems and operations, real time.

OMNETRIC Group is a MindSphere app developer and a MindSphere system integrator.

OMNETRIC Group
MindSphere apps for energy

- Grid and energy management specific
- Data analytics + IT + power engineering expertise embedded
- With complex data integration / multi-dimensional data enrichment

MindSphere – cloud-based, open IoT operating system

- connects machines and physical infrastructure to the digital world
- enables powerful industry applications and digital services
